LLC "WebProduction" is a Ukrainian IT-company (https://webproduction.ua/), CRM developer.

There are 2 founders in the delegation – Maksim Miroshnichenko and Dmitriy Levoshych. They would like to get acquainted with the largest number of companies in such areas:
- communication operators (telecoms, Internet providers, IP-telephony providers) – if we talk about analogues in Ukraine, then it's analogues of KyivStar, Lifecell, etc.
- suppliers of software and hardware. These are companies that sell cash registers, barcode printers, software stores, integrators, and so on.
